EZ-LIGHT™ WL50F Work Light
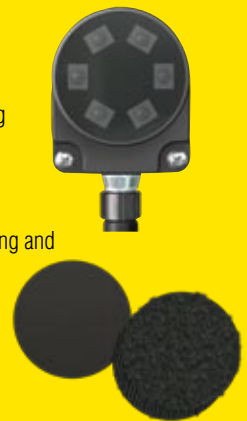

Industrial Lighting for Confined Areas

Robust, Durable and Lean Design

▸ Extremely long-lasting LED technology for >50,000 hours of continuous working life

▸ Very low power consumption of less than 2W

▸ Robust IP69K (standard) or IP67 (push-button models) for use in wet and dirty environments

▸ Aesthetic shape that sheds debris and moisture

▸ Shock, vibration and impact resistant

23.1 mm
76 mm
50 mm

Low-profile design with several mounting options

▸ Simple, two hole mounting

▸ Velcro and magnets included for quick mounting and convenient repositioning of light

Cost-effective, easy-to-install task lights provide excellent illumination where space is tight and light is critical.

EZ-LIGHT WL50F Work Lights provide bright, even illumination in areas where space is limited, including control cabinets and panels. The robust, sealed housing is ideal when lighting is needed in washdown and other rigorous industrial areas. The low-profile, flat-pack design and multiple mounting options provide easy mounting on any flat surface.

▸ 50 mm white light for flat mounting
▸ Standard or push-button models available

▸ Rugged, sealed thermoplastic housing
▸ Low-profile design with several mounting options
▸ Cabled and quick-disconnect models available
▸ 12 to 30V dc supply voltage

EZ-LIGHT WL50F Work Lights

Model*	ON/OFF Push Button	Connection
WL50FPB	yes	2 m
WL50F	—	

* 2 m cabled models are listed. For a 9 m cable, add suffix **W/30** to the model number (example, **WL50FPB W/30**).

QD models: Models with a QD require a mating cordset. For a 4-pin integral Euro-style QD, add suffix **Q** to model number (example, **WL50FPBQ**). For a 4-pin 150 mm Euro-style PVC pigtail QD, add suffix **QP** to model number (example, **WL50FPBQP**).

Quick-Disconnect Cordsets

Model		Length
MQDC-406	4-pin Euro-style, straight	2 m
MQDC-415		5 m
MQDC-430		9 m

* For right-angle models, add **RA** to the end of the model number (example, **MQDC-406RA**).

40-plus years of sensor design experience, quality control, sales support and cost-effective solutions:

▸ Banner quality products with global availability

▸ Rapid customization with most products shipping in 3 days or less

▸ Industry's largest force of application engineers to solve your toughest challenges

▸ More than 3,000 factory and local field representatives to serve you
